

Panther - easy pallet transport

Optimum working conditions for the user - ergonomically correct handle and special wheels ensure a minimum starting power and correct handling of even very heavy pallets - both when pulling and pushing the truck.

No damage to surroundings, pallets and goods - Panther has an elegant design with rounded corners.

The design prevents industrial injuries and strain on the user - focus is put on safety and ergonomic working conditions of the user. The ergonomically correct shape of the handle ensures a relaxed hold for the user.

High quality is ensured through an extended test programme and in cooperation with experts in Health and Safety.

**Permanent
quick lift**

Technical Specifications

Panther is a strong and reliable pallet truck, ensuring easy handling of many different pallets.

Optimum manoeuvrability and space utilisation through

- very short length behind the forks
- low truck weight and tight turning angle

Long operating life and low maintenance costs through

- strong construction
- tests with up to 46,000 lifts

Silent transport through

- minimum friction of all movable parts
- close tolerances

Stainless and explosion proof pallet trucks are also available.

Ergonomic handle ensures the user a relaxed hold. Can be marked with name/department.

The hoop skates on the forks ensure an easy fork insertion and withdrawal in/out of pallets.

The company name or logo can be cut out in the triangle of the Panther.

Adjustable fork height - no problems when handling low and worn pallets.

An easy handling of goods is ensured even in very confined spaces.
